Jr. Software Engineer

I am Jishnu Narayanan, a Junior Software Engineer and MERN Stack Developer with hands-on experience in developing dynamic websites and web applications. I specialize in JavaScript, React, Node.js, and MongoDB, and also work with CMS platforms like Shopify and WordPress to deliver customized digital solutions. I am passionate about creating efficient, scalable, and user-friendly web solutions. I thrive in collaborative environments, continuously learning and adopting new technologies to build impactful products and solve real-world problems.

WORK EXPERIENCE

Neyndra Global Solutions MEARN Stack (AEM) Intern *Mar 2025 - Jun 2025*
Full-Time Kinfra Filam and IT Park, Kazhakkoottam

- Neyndra is a startup IT consulting and services company.
